Donkeyboy

Under the lights
I'm dancing alone with everybody here
 Just another night
 with me and my cupThe room is alive
 you spin around my mind my mind
 But Thank God
 Luck in your eyes
 You're waking me upWe're scraping the sky
 Just like the city in the distant
 I'm not changing my mind
I'm ready to goWho that new fella walking on in the room,
 Got me high, Got me feeling like I'm on the moon.
 Who that new fella walking on in the room.
Who that new fella.That got me likeReady, set, here I go
 Letting my heart sing GeronimoI said
 Oh baby show me that
 Oo aah eey
 Oh baby give me that
Oo Aah EeyI'm yours, take me tonight
 I see the fire inside your eyesI said
 Oh baby show me that
 Oo aah eey
 Oh baby give me that
Oo Aah EeyThe feeling I get
 The touch of your fingertips
 they keep me moving
 I'm gonna let
 You do what you likeWe're running the night
 Both of our bodies move together
 Like we're ment to collide
Like stars in the darkWho that new fella walking on in the room,
 Got me high, Got me feeling like I'm on the moon.
 Who that new fella walking on in the room.
Who that new fella.That got me likeReady, set, here I go
 Letting my heart sing GeronimoI said
 Oh baby show me that
 Oo aah eey
 Oh baby give me that
Oo Aah EeyI'm yours take me tonight

I see the fire inside your eyesI said
Oh baby show me that
Oo aah eey
Oh baby give me that
Oo Aah EeyI said oh baby show me thatI'm yours take me tonight
I see the fire inside your eyesOh baby show me that
Oh baby give me thatWho that new fellas walking on in the room,
Got me high, Got me feeling like I'm on the moon.
Who that new fellas. That got me likeReady, set, here I go
Letting my heart sing GeronimoI said
Oh baby show me that
Oo aah eey
Oh baby give me that
Oo Aah EeyI'm yours take me tonight
I see the fire inside your eyesI said
Oh baby show me that
