Unity

Desmond Dekker

This is the time that we all should live as one, brothers
This is the time that we all should live as one, sisters
So come along brothers and come along sistersU.N.I.T.Y., this unity
So come along brothers and sisters, woahAah aah, we must live as one
'Coz two wrongs can never make a right
Look into the age that we're living in today, brothers
Look into the age that we're living in today, sisters
So come along brothers and come along sistersU.N.I.T.Y., this unity
So come along brothers and sisters, woahAaa, aaa, aah
Look into the age that we're living in today, brothers
Look into the age that we're living in today, sisters
So come along brothers and come along sistersU.N.I.T.Y., this unity
U.N.I.T.Y., this unity
U.N.I.T.Y., this unity
