Detroit Blues Band

We fought in wars to defend all of our beliefs
Now people starve in the streets at our feet
In middle eastern lands war heroes making plans
We live out roles in their psychotic schemes

These lies are old, it's obvious
Actions speak louder than words
And though it seems we're oblivious
The time is here for us to act before

[Chorus:]

Spontaneous

Our world burns up in flame

Spontaneous

For higher profit gains

Spontaneous

The time to act is now

Spontaneous

They talk retaliation like that might save this nation
They'll be no more air left to breath - believe
No second life, no second strike, I had a dream what it was like
There was a flash and we were gone!

These lies are old, it's obvious
Actions speak louder than words
And though it seems we're oblivious
The time is here for us to act before

[Chorus:]

The path of destruction we're leading the way
The cancer, the answer, to God we must pray
Blind leading blind to an unearthly end
Burned out and beaten no more to defend

These lies are old, it's obvious
Actions speak louder than words
And though it seems we're oblivious

The time is here for us to act before

[Chorus:]
