

As Life Flows By

Green Carnation

[Music: Tchort, Lyrics: Tchort & Kjetil N]Cross my heart and hope to die

With only seconds away before I...

It felt so good when I hit the ground

Come with me; join me on the other sideAnd life flows by

It hits me when I hit the ground

And life flows by

I am feeling lonely, fading slowly

And life flows byIf tomorrow never see the light

If I never get to say goodbye

It doesn't mean that I don't care

Come with me, and I will take you thereAnd life flows by

It hits me when I hit the ground

And life flows by

I am feeling lonely, fading slowly

And life flows by

I am feeling lonely, fading slowly

OutWhen passion burns no more

When your friends are all gone

When laughter is heard no more

I am the fool who turned awayAnd life flows by

It hits me when I hit the ground

And life flows by

I am feeling lonely, fading slowly

And life flows by

I am feeling lonely, fading slowly

Out
