

# As I Em (feat. Chester French)

## Asher Roth

Take me as I am my friends, ain't going to change  
Won't be no Em, rock these songs  
Rock these shows, only good life I know(Asher Roth)  
I was in seventh grade when I heard The Slim Shady LP  
Yeah, my mom brought it down when I was ironing; irony  
Getting out the wrinkles, just a little kid in middle school,  
Sink my teeth in anything to think I'm cool, riding the bus  
I feel the rush from I "Still Don't Give A Fuck"  
Yeah, I wish I could agree but I've already had enough  
I've already given up from playing the same game  
Every interview I feel like I'm saying the same thing, like  
Em was great, yeah, he paved the way for me  
He was inspiration for everybody from A to Z  
But they keep relating me, I can't get away  
Chasing me (all day long) I hear it (all day long)  
And now the masters thinks that Asher wants to be a Marshall Mathers  
They say, "Asher's not a rapper, nah, he's actually just a actor"  
'Cause we have the same complexion and similar voice inflection  
It's easy to see the pieces and reach for that connection  
Each second, every minute, each hour of everyday  
I'm constantly on the fence defending my own name  
Explaining we are not the same  
Not much that I can say, except I'm sick of it,  
Critics arrantly sparked up a flame, it's on  
(Chester French)  
Take me as I am my friends, ain't going to change  
Won't be no Em, rock these songs

Now don't get it twisted, I've definitely benefitted  
It's like suddenly everyone wants to hear what I be spitting  
It's so different, the image they don't get it  
It's simple I'm just a kid who wants to rap to make a living  
But Em was in it way before I committed  
And his lyrics were the shit so I really got to come with it  
But each critic been picking apart my writtens  
And if it's not up to par then Asher's Paul is just a gimmick  
Is it my fault must I be more convincing?

Ya'll talk all you want, never halt me from my mission  
Using his ammunition, would you please keep dissing me?

(All day long) I hear it (all day long)

And yeah, the haters want to hate because I made it and I'm famous

But until you take my place you'll never know 'bout what it takes to make a record for respect, take a second to  
inspect

When you look like someone else then what the fuck do you expect?

I just want to be accepted as the illest in the game

But it's harder for an artist creating his own lane

That's synonymous with his rhyming and combine with perfect timing

All the time all that's declining and about to explode

(Chester French)

Take me as I am my friends, ain't going to change

Won't be no Em, rock these songs

Rock these shows, only good life I know Take me as I am my friends, ain't going to change

Won't be no Em, rock these songs

Rock these shows, only good life I know (Asher Roth)

Yeah, yeah

So fuck it that's all I got, there's nothing else for me to say

If I don't confront the problem it will never go away

Unless it is addressed there is nothing left for me to do

It's impossible rejecting an elephant in the room

Say goodbye to all the bullshit, notions preconceived

So long to all the blogs, could have swore they knew me

If you have no further questions and can't think of other thoughts

Then let meduce you to Asher Paul Roth... gone (Chester French)

Take me as I am my friends, ain't going to change

Won't be no Em, rock these songs

Rock these shows, only good life I know Take me as I am my friends, ain't going to change

Won't be no Em, rock these songs

Rock these shows, only good life I know Yeah, yeah
