All I Want

Lais

(Hook)
Lately I've been rolling the weed smoke up
I've been feeling lonely since we broke up
Fuck it, if you're gone
I don't need know love
I've been so reckless
I feel so numb

(Verse 1)
I got a pistol on my dresser
Rolling stone on my own
Fine wine, Fine dime,and the Yves Saint Laurent
All I want, all I want is to be who I want
All I want, all I want is to be who I want

Will we ever finish what we started?
Trying to balance with you is the hardest
Bombard her, I'm still pouring my heart out
I'm far from stable I've been dancin'
All these tables, bottles service
Platinum label on the maple
Fuck you mean it's the dream

Where I came from
Where I came from
I've been dripping in my vanity
I'm everything I had to be
I lost a lot of love and now I feel it coming back to me
It's coming back to me
It's coming back to me

Will we ever finish what we started?
I know I left you home brokenhearted
Cause you don't understand where my heart is
You don't understand, this the hardest
But lately I've been

(Hook)
Lately I've been rolling the weed, smoke up
I've been feeling lonely since we broke up

Fuck it if you're gone, I don't need no love
I've been so reckless
I feel so numb

(Verse 2)
I've been blacked out for 'bout six days
I can't think straight, fallin' over, my mink sway
With some bougie bitch in that pink suede
I was trying to get a grip 'fore I slip baby
I was hittin' licks, got lip, baby, can't slip, baby
You know how it goes

I'm drippin', I'm whippin', I'm thinkin' of you
Yeah it's been a while, like a minute or two
I'm still in the city, got villainous views
I'm swipin' away, hit a limit or two

I'm pill-poppin', no precautions
Just watchin' all of my dreams blossom
And these bitches just keep fallin'
And these drugs just keep callin'

I hate myself but I love myself
Then I hate myself again
Cause I don't believe in much
Except the dollars that I spend

But I know it's true
They won't mean shit without you
They won't mean shit without you
They won't mean shit without you

(Hook)
Lately I've been rolling the weed, smoke up
I've been feeling lonely since we broke up
Fuck it if you're gone, I don't need no love
I've been so reckless
I feel so numb
