Cigarettes In The Dark

Blood Red Shoes

Time, time has passed into a haze
Walking in and out this maze
It comes and goes in waves
Whilst the water flows into ice glaze
And the mirage blows away
But the mirrors crack somedaySun always longs for something dark
Just like how you leave your mark
There's a voice pacing through your heart
It's time to know
It won't be long
It won't be longKeep me save here just for a while, just for a while, darling
Cause I've been lost like this so many times before
Let me sleep now, just for a while, just for a while
Shut my eyes and pretend there's nothing beyond the wallsKeep me save here just for a while, just for a while, darling
I'm not asking anyone to forgive
Let me lie here, just for a while, just for a while
Under blankets, hiding all of my weaknesses.
