

# Call On Me (Theme From "South Of Sunset")

Glenn Frey

If you need someone to talk to  
And you're feelin' all alone,  
And there's no one else to turn to,  
Just pick up your telephone  
If your love affair's sinkin'  
Like a ship that's goin' down  
And you find yourself on a dead-end street  
In a lonely part of town  
Everyone you counted on let you down,  
Baby, you can call on me  
I been waitin' for you in the lost and found  
Baby, you can call on me  
I got an angel on my shoulder  
I got the devil by my side  
I gotta have someone to talk to  
'Cause it's a long and lonely ride  
I've seen it all before and I'll see it all again  
I see where it starts out and I see where it all ends  
The gutters in the streets and the mansion on the hill  
Nothin' ever changes, nothin' ever will  
If your old man don't treat you right  
Baby, you can call on me  
If you find yourself in trouble, up all night  
Baby, you can call on me  
If you know someone sneakin' around  
Baby, you can call on me  
If you don't like what's comin' down  
Baby, you can call on me  
I'll put it all out on the table,  
You've got to tell me how you feel  
But you better be ready to face the truth  
If you want to make this deal  
I'll find a needle in a haystack, a lover or a friend  
I got everything's goin' on, but I will not pretend  
I tell it like it is, you know I take it as it lies  
I'll tell you where you find it, I make no alibis  
If you don't like what's goin' down,  
Baby, you should call on me  
I been waitin' for you in the lost and found

Baby, you can call on me, call on me
