

# Zombie

## Family Force 5

(Verse 1)

Airborne, sound the air horn

It's a contagion, invasion, rampaging with no vaccination

Six feet down, coming out of the ground

Looks like it's getting around

It's a virus, apocalyptic,

You won't survive this

You can't predict it, hey!(Verse 2)

Chaotic, psychotic

Death defying, lifeless logic

It's scary, supernatural

Knock me down, I'm so come-back-able

Not dead, undead, a new creation

Zombie regeneration

Fresh flesh, but I don't need a headshot

Still hot, still rock(Pre-Chorus)

Worldwide, infected

I'm back, resurrected

Whole life I remember it fondly

Watch me walk like a zombie(Chorus)

Zombie zombie zombie,

Zombie zombie zombie,

Re-re-reanimated,

Back-back-back-back from the dead

Zombie zombie zombie,

Zombie zombie zombie,

Re-re-reanimated,

Back-back-back-back from the dead(Post-Chorus)

Walk, watch me walk, watch me walk,

Watch me walk like a zombie

Walk, watch me walk, watch me walk,

Watch me walk like a zombie(Verse 3)

I'm a zombie, who I want to be

Not a wannabe but a zombie

I know, insanity, unattainable, unchainable

Zombie-ance is uncontainable

Run for your-ru-ru-run for your life, what

Bon-Appetite, I got a new appetite

Transformed, re-re-re-re-reborn, uh

Love bites and it's in rare form(Pre-Chorus)  
(Chorus 3x)Back-back-back-back from the dead (4x)
