Break Me Out

Edgewater

I sit and watch my days disappear
Waste away in fear
Will you wait? Won't you wait?
Will you wait? Won't wait for me?
Do you still believe I'll free myself?
Site in my cell
Sunlight breaks, oh well
Can't you see, what this place has done to me?
Do you still believe I'll free myself?
Did you wonder? Did you notice
How I slept today? Did you wonder?
Won't you just break me out?
I said, break me out
Won't you break me out?
I said, break me out
Won't you wait? Won't you, Won't you wait?
Why can't? You won't
I am, you don't, break me

Save me, liar, I am
Will you wait? Why can't?
You won't
Won't you wait for me?
I am, you don't, break me
Save me, liar, I am
Did you wonder?
(I am, I am, I am)
Did you notice
How I slept today? Did you wonder?
Won't you just break me out?
I said, did you wonder? Did you notice
How I felt today? Did you wonder?
Won't you just break me out?
I said, break me out
Won't you break me out?
I said, break me out
