

# Strange Ways

## Hypocrisy

Well, it's a strange way  
The way you look at me  
And it's a hard time  
Time you been givin' me Come on and open up  
Open up to me  
So you can realize  
That I could set you free Strange ways, twisted days  
Strange ways, twisted days Well, it's a strange place  
That you've been livin' in  
And it's a strange line  
You've been deliverin' I think I like it  
But I'm not really sure  
Don't wanna to fight it  
Just wanna feel some more Strange ways, twisted days  
Strange ways, twisted days
