Miss It So Much

Royksopp

I miss it so much
No button to touch
No dial to turn
No key to hold
Days turn to nights, turn to weeks
Turn to paper, into rocks, into plastic
My material heart how it keeps us apart
Watching days turn to nights turn to weeks
Turn everything I got into techniques
My mechanical heart how it tears me apart
I miss it so much
No button to touch
No dial to turn
No key to hold
I miss it so much
No button to touch
No flick of the switch
Hand on my heart
Days turn to nights, turn to weeks
Turn to paper, into rocks, into plastic
My material heart how it keeps us apart
Watching days turn to nights, turn to weeks
Turn everything I got into techniques
My mechanical heart how it tears me apart
I miss it so much
No button to touch
No dial to turn
No key to hold
I miss it so much
No button to touch
No flick of the switch
Hand on my heart
