

Highway One

The Waifs

Highway 1, 12 hour drive
I got a place I do call mine
I got me a space where I can breathe
I got my garden I got my trees
And if you're ever out this way
And if you still recall my name
You know I'm not that hard to find
I live on Highway 1, 12 hour drive
And we're gonna be
Eating fish from a coal fire
And we're gonna be
Sleepin outside

Till the fires coal
Or till it gets too cold
But if you come through late at night
I'll leave on my bedside light
I'm down the hall and to the right

Baby you can creep in and wake me up
And we're gonna be
Eating fish from a coal fire
And we're gonna be
Sleepin outside
Till the fires coal

Or till it gets too cold
You know it's doubtful I will tell
Where my love and I do lay
Or where my flowers grow
Highway 1, 12 hour drive

Highway 1, 12 hour drive
Highway 1, 12 hour drive
I live on Highway 1, 12 hour drive
