Loves Me Not

Cris Cab

She walked into the frame, she moved like water.
Before I knew her name I knew I wanted her there.
Now every other night we spend together.
And all I want to do is give her pleasure, yeah!But when I'm on her heart, she's coming down.
When I'm showing up she's not around.
Then there's the days when I'm not around.
Shouldn't have opened up my heart.(Chorus)
Gotta let me know if you feel the same, a girl like you shouldn't be playing those games.
Wanna show you more give you all I got, she loves me so, she loves me not...
Gotta let me know if you feel the same, a girl like you shouldn't be playing those games.
Wanna show you more give you all I got, she loves me so, she loves me not...
She loves me so, she loves me not...
She loves me so, she loves me not...
She loves me so, she loves me not...
She loves me so, she loves me not...I watch her sleep just like an angel.
But when she wakes she leaves right out of there.
I know I'm playing in the danger.
But I like the thing she does to me, yeah!But when I'm on her heart, she's coming down.
When I'm showing up she's not around.
Then there's the days when I'm not around.
Shouldn't have opened up my heart.(Chorus)
Gotta let me know if you feel the same, a girl like you shouldn't be playing those games.
Wanna show you more give you all I got, she loves me so, she loves me not...
Gotta let me know if you feel the same, a girl like you shouldn't be playing those games.
Wanna show you more give you all I got, she loves me so, she loves me not...
She loves me so, she loves me not...
She loves me so, she loves me not...
She loves me so, she loves me not...
She loves me so, she loves me not...But when I'm on her heart, she's coming down.
She loves me not...
But when I'm on her heart, she's coming down.
She loves me not...Gotta let me know if you feel the same, a girl like you shouldn't be playing those games.
Wanna show you more give you all I got, she loves me so, she loves me not...
She loves me so, she loves me not...
She loves me so, she loves me not...
She loves me so, she loves me not...
She loves me so, she loves me not...She loves me not...
She loves me not...
She loves me not...

She loves me not...
