

Only 1 U

M.I.A.

There's only one you, you, you, you
There's only one you, you, you, you
There's only one you, you, you, you
Ding, ding, ding, ding, ding, ding
Ding, ding, ding, ding, ding, ding Just 'cause the game is up
Didn't mean I didn't win
I got three aces and a king
I begun love of financiaible things
That's why my instincts kicks in
Matter if you win
It's based on what you bring
That's the feeling in the chest with the drink
Your telephone rings
But you ain't listenin'
So motherfucker now I'm steppin' in There's only one you,
There's only one you,
There's only one you,
Ding, ding, ding, ding, ding, ding
Ding, ding, ding, ding, ding, ding There's only one you,
There's only one you,
There's only one you,
Ding, ding, ding, ding, ding, ding
Ding, ding, ding, ding, ding, ding Lara Croft is soft
When it comes to my stuff
She's made up. I'm real!
I'm a Lady of Rage, with an afro puff
Who else can say the things they feel?
More jiggy than Will
From a mouth to a chub
There's no bee I cannot kill, kill, kill.
S-s-still chill upon a hill
Like I'm poppin' a pill
There's no other things I want to feel There's only one you,
There's only one you,
There's only one you,
Ding, ding, ding, ding, ding, ding
Ding, ding, ding, ding, ding, ding There's trillions of cash
And there's billions of us
And there's millions of things that can happen with this stuff

And there's thousands that will crash
And there's hundreds that will smash
There's only one you and I'mma drink to that
There's only one you,
There's only one you,
Ding, ding, ding, ding, ding, ding
Ding, ding, ding, ding, ding, ding
There's only one you,
There's only one you,
Ding, ding, ding, ding, ding, ding
Ding, ding, ding, ding, ding, ding
Come on, let go, let me go take off
Tonight's the one
'Cause tomorrow may never come
Fucking all day
Every night is gonna be mine
Making money is fine
But your life is one of a kind.
