Everything To Everyone

Coliseum

You put yourself in stupid places
Yes, I think you know it's true
Situations where it's easy to look down on you
I think you like to be the victim
I think you like to be in pain
I think you make yourself a victim
Almost every single dayYou do what you do
You say what you say
You try to be everything to everyone
You know all the right people
You play all the right games
You always try to be everything to everyoneYeah, you do it again
You always do it againYou say they taught you how to read and write
Yeah, they taught you how to count
I say they taught you how to buy and sell
Your own body by the pound
I think you like to be their simple toy
I think you love to play the clown
I think you are blind to the fact
That the hand you hold is the hand that holds you downYou do what you do
Yeah, you say what you say
You always try to be everything to everyone
You know all the right people
You play all the right games
You always try to be everything to everyoneSpin around and fall down
Do it again
You stumble and you fall
Yeah, why won't you ever learnSpin around and fall down
Do it again
Yeah, you stumble and you fall
I wonder if you will ever learn
Yeah, why won't you ever learn
Come on now
Do that stupid dance for meOh yeah, you do what they tell you to do
You say what they say
You try to be everything to everyone
Yeah, you jump through the big hoop
You play all the right games
You try to be everything to everyoneSpin around and fall down

Do it again
You stumble and you fall
Yeah, you do it again
Spin around and fall down
Do it again
You stumble and you fall
