## Des Ark

I just wanna love somebody outside the coldness of my own hard truths  
Why can't he breathe without it bein' a warnin'  
Why can't I break without it breakin' me... and you  
I don't mean to hurt nobody  
I meant no harm no matter what I say  
But if you don't talk then there ain't no way to fix it  
I wish you could hear what goes on in my head I don't deserve your love, deserve your love  
Deserve your love  
deserve your love  
Oh Oh Oooh I never met no other fella max????\_\_\_\_\_than you  
Who could love 'em and leave 'em just as good as I can do  
Every time we met and every meeting since  
You're lookin' at me like ain't nobody else exists You never were my lover, always the love of my life  
and now I can't imagine ever bein' your wife  
It's nothin' that I ever wanted but baby the world is haunted  
With it comes the things we never ever thought we'd ever want  
It's you take it broken... I do...  
It's you.... I love  
It's you I love  
oh ohhhh ohh Oh girls... play with the boys until they hurt us...  
You young boys.... carry off our world when you desert us Ooooh... I would rather have loved and lost your love  
Than to never ever ever ever ever ever ever ever have loved at all
