

# Blindfold Me

## Marina & the Diamonds

When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him, like  
Told him what I like  
When he heat it up one night  
Made him stand behind my door and watch me uh uh uh  
And I couldn't believe the type  
He was saying all the right  
Whispers gettin' mami right, I was uh uh uh  
So I had to get the ice  
Homie wanna fly the kite  
Had to show him what a pro I was uh uh uh  
I was headed for the light  
He refused to take a bite  
Till I put my blindfolders on  
I'm saying something like  
You're just taking it all, what's gon' be left for me?  
I told you get it, but you're taking it all from me  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him, like  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him, like  
Hold up  
Let me take this off  
Just to see where I can catch my breath at all  
Hold up  
You got a pretty strong team  
Got somethin' on the bench that Kelis ain't seen

Hold up  
Why you treat me like that?  
'Bout the 3rd or 4th time you ain't had to do that  
Hold up  
Won't you let me cheat once?

And I promise you won't never make me keep this on  
You're just taking it all, what's gon' be left for me?  
I told you get it, but you're taking it all from me  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him, like  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him, like  
You're just taking it all, what's gon' be left for me?  
I told you get it, but you're taking it all from me  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him, like  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him, like  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him, like  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him  
When he want it he blindfolds me  
Then I get sexy on him  
Get sexy on him  
When he want it he blindfolds me

Then I get sexy on him  
Get sexy on him, like
