

Rebel Inside

HammerFall

A battle with pride and ego
A journey that started long ago
A lifetime of passion and woe
Rebel insideLegends in our lifetime
We have our hearts set in the past
And eyes towards the future
Rebel insideThe Thunder Five are riding once again
Hell bent on blazing their own trail
To seek our fortune and the fame
We're warriors...warriorsWe're sick and tired of trying to explain
That it's our life, it's not a game
The need to be will never waneWe're warriors...warriorsRebel inside
Rebel for life
Rebel insideWe'll never bend or bow we'll be
Always unbroken, can't you see
We deal in steel and libertyWe're immortalized...immortalizedRealize it's not just how we are
It's in our blood, to seek the stars
The crimson red will take us farWe're immortalized...immortalizedRebel inside
Rebel for life
Rebel insideA battle with pride and ego
A journey that started long ago
A lifetime of passion and woe
Rebel insideLegends in our lifetime
We have our hearts set in the past
And eyes towards the future
Rebel insideRebel inside
Rebel for life
Rebel inside
Rebel for life
Rebel inside
Rebel for life
Rebel inside
