

Fly

Matt Cab

Drop the beat like
Drop the beat like
Drop the beat like
I can hear your heartbeat
Even from across the sea
Sounding like a tick tock
Louder than the room clock

Girl you make the time stop Oh, and I can feel you when you breathe
Even if I cannot see
Oh
I can lie you next to me
And I need you
Look into the sky, look into the sky
Darling, I need you
Your love gives me wings Baby, I'll fly
Just to be next to you
Baby, I'll fly
Just to see your face one more time
Baby, I'll fly
I will do anything
Baby, I'll
Baby, I'll
Baby, I'll fly
To see you one more time
I'ma fly, I'ma I'ma I'ma fly
I'ma fly, I'ma I'ma I'ma fly

To see you one more time And even though I'm far away
Trust in me when I say
There's nothing that we can't do
If we put our minds to

Then you know I love you I'd do anything to be with you
Girl, I would cross the world
'Cause distance doesn't mean a thing And I need you
Look into the sky, look into the sky
Darling, I need you
Your love gives me wings Baby, I'll fly
Just to be next to you
Baby, I'll fly
Just to see your face one more time

Baby, I'll fly
I will do anything
Baby, I'll
Baby, I'll
Baby, I'll fly
To see you one more time
I'ma fly, I'ma I'ma I'ma fly
I'ma fly, I'ma I'ma I'ma fly
To see you one more timeWhen all the city's sleeping (drop the beat like)
And all the lights are off (drop the beat like)
I'ma look up to the sky
Spread my arms and fly fly fly
Fly to youBaby, I'll fly
Just to be next to you
Baby, I'll fly
Just to see your face one more time
Baby, I'll fly
I will do anything
Baby, I'll
Baby, I'll
Baby, I'll fly
To see you one more timeOh fly
Oh fly
Oh
To see you one more time
To see you one more time
I will fly
