

And She Closed Her Eyes

[**Stina Nordenstam**](#)

And she closed her eyes and said
No, I'm not in love
No, I'm not in much for realAnd the hood fell off her head
And her face got wet
I held my part of the dealI've been growing older, he thought
And he smiled and said
You've got the saddest face I've seenAnd when she didn't seem to listen at all
He said, I'm gettin' wet
You held your part of the deal
