black metal

Nokturne

Black is the night, metal we fight
Power amps set to explode
Energy screams, magic and dreams
Satan records the first noteWe chime the bell, chaos and Hell
Metal for maniacs pure
Fast melting steel, fortune on wheels
Brain hemorrhage is the cureFor black metal
Lay down your souls to the Gods rock n' rollFreaking so wild, nobody's mild
Giving it all that you got
Wild is so right, metal tonight
Faster than over the topOpen the door, enter Hell's core
Black is the code for tonight
Atomic force, feel no remorse
Crank up the amps, now it's nightBlack metal, black metal, black metal
Black metal, black metalLay down your souls to the Gods rock n' roll
Metal ten fold through the deadly black hole
Riding Hell's stallions bareback and free
Taking our chances with raw energyCome ride the night with us
Rock hard and fight, united, my legions we stand
Freak hard and wild for us
Give up your soul, live for the quest Satan's bandAgainst the odds, black metal Gods
Fight to achieve our goal
Casting a spell, leather and Hell
Black metal Gods rock n' rollBuilding up steam, nuclear screams
War-heads are ready to fight
Black leather hounds, faster than sound
Metal, our purpose in life
For giving me black fuckin' metalBlack metal
Lay down your souls to the Gods rock n' roll
Black metal
