

# Stay Up

George

Let me start with a soft caress  
Wanna show you i'm not like the rest.  
So put me to the test.  
Anything that you feel let it go.  
Wanna take things nice and slow So baby lose control  
I want this, more than I want anything, anything  
[Chorus]So lets stay up tonite girl, its on  
let me sing you a song  
so lets stay up tonight girl its on  
Let me sing you a song  
'cause its all about love tonite  
it on you see so stay up with me tonite  
so come lay here right next to me  
let me show you what love can be  
i'll kiss your lips softly  
while im looking you right in the eye  
girl i'll slowly go deep inside  
your heart is what i mean  
  
'cause i want this more then i want anything....anythingg (oh)  
(chorus)  
So lets stay up tonite girl, its on(can we stay up)  
let me sing you a song  
so lets stay up tonight girl its on  
Let me sing you a song  
'cause its all about love tonite  
it on you see so stay up with me tonite  
oohhh its all about you and me  
it right , its right this is where i need to be  
so dont leave me dont leave me i need this just as bad as you do  
so dont leave me, dont leave me, tonitee  
(chorus)  
So lets stay up tonite girl, its on(can we stay up)  
let me sing you a song  
so lets stay up tonight girl its on  
Let me sing you a song  
'cause its all about love tonite
