

I Have Never Felt so Good (feat. Louise Elliott)

Julien Glabs

Iâ€™ll be your doll
Pretty boy
The way youâ€™re out
In the sun
When we know
You make me miss
And Iâ€™m not
Never were
You make me feel good
Like I should

When you ask me where Iâ€™ve been
Will I know that you get what I meant
And you know just what to say if I get sad

God, I have never felt so good
God, I did not think that I could
God, will you take back what you gave
God, go your way

Youâ€™re all the things
Made of us
I hate it
Since they are you
I can help
Nothing there
And I know
This is dumb
But Iâ€™m not good with love
Make me

When you ask me where Iâ€™ve been
Will I know that you get what I meant
And you know just what to say to make me glad

God, I have never felt so good
God, I did not think that I could
God, will you take back what you have
God, go your way
