

# Father

## Aromabar

Father, oh Father, hear me if You can  
Is it true what they say that life is a dream? I don't understand  
    The things that make rain in my eyes  
        Are they real or are they lies?  
    You know I hear so much about You now  
    I'd give anything to go on a little boat with You  
        Talk about the scheme of things  
            On a little boat with You  
    Father, oh Father, guide me if You can  
    Or give me the chance to follow You home  
        I am Your son but I wish I knew You  
    When You were young were You lonely as a boy?  
        You know I'd give so much to see You now  
    I'd go anywhere, pick a little stick and walk with You  
        Talk about the scheme of things  
            On a short walk with You  
    Father, oh Father, You give me just a little hope  
        I feel something out there reaching for me  
Well, here I am, won't You take me with You out of this maze  
        And away from this place  
        Because it gets so cold and lonely here  
    I'll do anything to sit on a little rock with You  
        Talk about the scheme of things  
            On a small rock with You  
        Show me, show me, show me the way  
        Before they grind me down and bleach me grey  
    Send me power not to be afraid and when I close my eyes  
        Let me see You once in the light  
    Father, oh Father, heal me if You can  
        Is it true what they say that life is a dream?
