

I Believe (Punky Irie Mix) [Punky Irie Mix]

Blessid Union of Souls

Walk blindly to the light, reach out for his hand
Don't ask any questions and don't try to understand
Open up your mind and then open up your heart
And you will see that you and me, we aren't very far apart 'Cause I believe that love is the answer
And I believe love will find a way
And I believe that love is the answer
I believe, ohh, love will find a way Violence has spread worldwide and there's families in the streets
We sell drugs to children now, why can't we just see?
That all we do is eliminate our future with the things we do today
Money is our incentive now and that makes this okay But I believe that love is the answer
And I believe love will find a way
And I believe that love is the answer
I believe, ohh, love will find a way, yeah I've been seeing Lisa now for a little over a year
She said she's never been so happy but Lisa lives in fear
That one day daddy's gonna find out she's in love
With a nigger from the streets
Oh how he would lose it then but she's still here with me
'Cause she believes that love will see it through
And one day he'll understand
And he'll see me as a person not just a black man. 'Cause I believe that love is the answer
I believe that love will find the way
I believe I believe I believe I believe that love is the answer
I believe that love will find the way
Love will find the way
Love will find the way
Love will find the way
Please love find the way
Please love find the way
