

Unendlich

Danzig

Enter those eyes split back opals
There within Eros is manifest
Dark and light soul sworn to no one
Both it's your game and you know it I like you lots now, I like you better
Walking your cat girls in leashes and leather
I watch you curl up into a circle
Symbol of eternity, wicked pussycat My fall is starting Six foot pussycat, I like the way you swing your tail
Big black witch cat, yes, you cast a real strong spell
Feline succubus, got your fangs inside her throat
Wicked pussycat, got your girl slaves all in tow
