

This, This

Nicole C. Mullen

All that stuff they wear in magazines

 All that stuff they do on TV

 All that ain't working out for me

 So I

Like that, I'm free to comb my hair

Like that, I'm free to rock my wear

Like that, I'm modest with a flare

 So I

When I dance I'm gonna do it like this this

When I prance I'm gonna do it like this this

Every chance I'm gonna do it like this this

 Like this this gotta be myself

When I smile I'm gonna do it like this this

When I style I'm gonna do it like this this

Honey chil' I'm gonna do it like this this

 Like this this

 Gotta be myself

I like chewing gum when I sing

 I like H2O with everyting

 I like idiosyncrasies

 I like cute ugly kinda shoes

 I like just kicking it with you

I like being free enough to choose

 So I

When I bring it I'm a do it like this this

When I sing it I'm a do it like this this

When I fling it I'm a do it like this this

 Like this this

 Gotta be myself

When I walk if I'm a do it like this

When I talk it I'm a do it like this this

When I rock it I'm a do it like this this

 Like this this

 Gotta be myself

SO hum de um de ai...

 (Rap)

When I dress it I'm a do it like this this

When I press it I'm a do it like this this

If He bless it I'm a do it like this this
Like this this
Gotta be myself
In the morning I'm a do it like this this
In the noon I'm a do it like this this
In the evening I'm a do it like this this
Like this this
Gotta be myself
When I raise 'em I'm a do it like this this
When I praise Him I'm a do it like this this
Everyday I'm gonna do it like this this
Like this this
Gotta be myself
Oh
