You Ain't No Big Thing, Baby

Sam & Dave

You ain't no big thing baby to me no more
You ain't no big thing baby like you were before
I gave you all of my money, you took every dime
I must have been crazy or either out of my mindYou ain't no big thing baby like a movie star
You ain't no big thing baby like you think you are
You had my door wide open, but now it's closed
Somebody else is gettin' the lovin' that used to be yoursI wanna tell you one more time
Before I go and leave you behind
You wasn't real, you wasn't true
Everything you doin' I was doin' it too
I said no, no, no, no, no, you ain't no big thing no moreYou ain't no big thing baby to me no more
You ain't no big thing baby like I said before
You kinda thought you were pretty like most women do
But listen to this, a little imagination make a fool out of you
