Empty Space

Pyogenesis

(music: Flo Schwarz lyrics: Flo Schwarz / Tim Eiermann)
all of those salvation thieves
will be deseased
those who playin' hide and seek
are on their knees
the fire of our hearts damnation is still drowned again
and everything I want to do is to be a man
but these are hopeless tears forever
hopeless tears today
hopeless tears and never...
we'll run and hide we'll hide and run
we're runnin' all the way
release the sweetest beast
and throw him to the sky
autumns heat I will release don't wonder why
I always swim in milk and blood I'll burn in my own hell
after this you take a bath because you smell
but these are hopeless tears forever
hopeless tears today
hopeless tears and never...
we'll run and hide we'll hide and run
we're runnin' all the way
whenever I move carefully, yes without belief
one with all those broken dreams - unendless grief
no one cares and no one loves - I'm still ashamed
my thoughts they play dead - everything's mind
but these are hopeless tears forever
hopeless tears today
hopeless tears and never...
we'll run and hide we'll hide and run
we're runnin' all the way
this is an empty space
