Cheezy

The Muffs

Get away from dealing, get away from that
And this superficial, boring, condescending chitter chat
We done did it now, from head to foot or the only drumming
That you know you always doAnd I really liked you
Till I got to know you
Don't you know, can't you see
That it means nothing to me?Because you're cheesier than you know
Because you're cheesier than you knowWhen the world revolves around you night and day
And you barely hear of everybody near you and you say
All about you, never anyone else, too, you're the center of the universe
And everything else, tooAnd I really liked you
Till I got to know you
Don't you know, can't you see
That it means nothing to me?Because you're cheesier than you know
Because you're cheesier than you knowAnd I would like to strangle you or put it in your face
Or take an hour and walk away and put it in your placeAnd I really liked you
Till I got to know you
Don't you know, can't you see
That it means nothing to me?Because you're cheesier than you know
Because you're cheesier than you knowBecause you're cheesier than you know
Because you're cheesier than you know
