Inside My Dream

Maysa

Its 5 AM and I've been awakened. By a story my mind is telling my heart.
Its saying baby don't you worry. You never have to fear.
Its telling me to rest my weary soul and let my spirit heal.
Its giving me another lesson how to keep my faith alive
to get the world I want to see , I just need to close my eyes.

When I close my eyes at night I enter another world and my fantasy becomes my reality
. A place I never ever want to leave I just want to live inside my dream

Its 3 AM and my souls been awakened, by a story my mind is telling my heart
Its saying baby don't you worry (don't you worry)
You never have to fear (you never have to fear)
Its telling me to rest my weary soul (weary soul) and let my spirit heal
its giving me another lesson, (another lesson) how to keep my faith alive
to get the world I want to see all I need to do is close my eyes.

When I close my eyes at night I enter another world and my fantasy becomes my reality
a place I never ever want to leave , I just want to live inside my dreams

My fantasies are my deep inner thoughts I know that the key is to really know
and the things I desire are all in my mind I realize my fears they will all come in time
When I close my eyes at night I enter another world and my fantasy becomes my reality
a place I never ever want to leave I just want to live inside my dream.
