Loneliness

Broadcaster

Loneliness is the worst thing in the world
To be alone all the day long
No ring on the phone, yeah, this is wrong
Low down loneliness
This loneliness, I must confess
Yes, it's a mess of this loneliness
Low down loneliness
Loneliness all around
Loneliness, you have found me, loneliness
Oh loneliness, all of the time
Yeah, loneliness, you're so unkind
Low down loneliness
Loneliness everywhere
Loneliness, I've got more that my share
Oh loneliness, my destiny
Yeah loneliness, was I born to be?
In low down loneliness, loneliness
