

Lady Luck

[Joe Modifica](#)

Welcome all to the travelling roadside show
Amazing sights come have your fortunes told
Ride Lady Luck Ride
Ride Lady Luck Ride

The show's in town, the show's in town

Ride lady luck tonight, tonight in this gypsy town
Here the songs they sing, drink some gypsy tea
They'll take your gold ring, trade it for some cash money
Chorus Sitting by the fire, dancing shadows reach for
the sky

An enchanting delight, raven hair with dark green eyes
Chorus Ride, ride, ride
Chorus For those who would come,
to enter you must believe

Things you will see, visions for one small fee
Chorus When the full moon is bright, good spirits rule the night
Lady luck will guide you,

A chance to even the score, a night to change all nights
Chorus
