

Selfish (Radio)

Slum Village

I'm callin (Yeah maybe I'm selfish)
Out to (I want you to myself I can't help it)
All my (Yeah maybe I'm selfish)
Y'all my, ladies and I can't (maybe I'm selfish)
(I can't) Let you (let you)
(I want you to myself I can't help it)
Be with (yeah) no one (yeah) but me (yeah) baby To my thick chicks down in Texas
All the way to New Orleans where the girls cook catfish
And in LA every chick's an actress
Hollywood status with the shaded glasses
To Detroit, yeah the place that I rest
Where the ladies got ass to sell alot sex
And Hot Atlanta y'all is one of the best
Where they speak southern and slang and smoke la cess
And New York women are way too fresh
Too much on your mind let me ease that stress
I wish you all were mine it's so selfish
Maybe I'm feelin myself too much I guess
But, to my ladies all across the globe
In small towns that I don't even know
To all local international codes
Whether you see me in streets or catch me at shows, I'm callin...I'm callin (yeah maybe I'm selfish)
Out to (I want you to myself I can't help it)
All my (yeah maybe I'm selfish)
Y'all my ladies and I can't (maybe I'm selfish)
(I can't) Let you (let you)
(I want you to myself I can't help it)
Be with (yeah) no one (yeah) but me (yeah) baby Uh! And I'll be tryin to come around my girl actin like Mr.
Friendly
And steal the spotlight like Mr. Bentley
I spotted her like Spud McKenzie
And for them fake boobies I payed them Benjies
Get your own, I got Paris he got Nicky he tried to get ?em a clone
He said yeah you know you got extra hoes
And everything you do is extra cold
From the Polo fleece to the Jesus piece
I got family in high places like Jesus' niece
Can I please, say my peace
If y'all fresh to death, then I'm deceased

And this one here, is a heat rocks
Spit like a beat box, the way the beat rocks
New version of Pete Rock!
But for that Benz I get CL love
So I switch my girls around like 3L-dub [3LW]
I'm callin..I'm callin (Yeah maybe I'm selfish)
Out to (I want you to myself I can't help it)
All my (Yeah maybe I'm selfish)
Y'all my ladies and I can't (maybe I'm selfish)
(I can't) Let you (let you)
(I want you to myself I can't help it)
Be with (Yeah) no one (Yeah) but me (Yeah) baby What up Pam how your little man doin in New Jersey
Last I heard he caught the flu and you was worried
Hope he feels better, and thanks Jonetta from Cleveland
For that good head in your Jetta better believe it
Shanice you're my piece from Compton
Before I mark the plane make sure you cop them trees to spark up
Danielle ATL got them pictures in the mail
You sealed with a kiss and you send it with Chanel
You lookin good in that one showin off your body
Had a Beverly Hills mami that would buy me Cardi's
Take me to after parties her name was Carrie
And it sucks that we didn't keep in touch I'm sorry
But, hey Kim how's Minneapolis?
You so pretty hate to show off your titties for silly classes
Cause I love you girls though you ain't mine
I wish my arms was long enough to hug you all of the same time I'm callin (Yeah maybe I'm selfish)
Out to (I want you to myself I can't help it)
All my (Yeah maybe I'm selfish)
Y'all my ladies and I can't (maybe I'm selfish)
(I can't) Let you (let you)
(I want you to myself I can't help it)
Be with (Yeah) no one (Yeah) but me (Yeah) baby I'm callin (Callin) out to (Out to) all my (All My)
Y'all my, ladies and I can't (I Can't) let you (Let you)
Be with, no one, but me, baby
