

# Flirtin

Melanie Dekker

You should not be here acting like you are  
Calling me baby and holding out your arms  
Let me remind you what we agreed to do  
You would not see me and I would not see you

Take two steps back now  
You know you're coming way too close  
Just makes it harder letting you go  
Cause I'm okay now with our goodbye  
I can't have you wasting my precious time

What are you doing flirtin' with me  
You were the one said you wanna be free  
I don't wanna play games with you  
Just getting used to being without you  
Now you're showing up and being all sexy  
Talking like you wanna be with me  
You gotta know what you're putting me through  
What are you doing what are you doing

It was no secret you meant the world to me  
I can't go back to how it used to be  
I've come a long way through empty days and sleepless nights  
To realize I don't need you in my life

I know you so well you're just seeking 'bout yourself  
Save up that sweet talk for somebody else  
Cause I'm okay now with our goodbye  
Know your just thinking I'll be changing my mind

What are you doing flirtin' with me  
You were the one said you wanna be free  
I don't wanna play games with you  
Just getting used to being without you  
Now you're showing up and being all sexy  
Talking like you wanna be with me  
You gotta know what you're putting me through  
What are you doing what are you doing

So what are you doing flirtin' with me

You were the one said you wanna be free  
I donâ€™t wanna play games with you  
Just getting used to being without you  
Now youâ€™re showing up and being all sexy  
Talking like you wanna be with me  
You gotta know what youâ€™re putting me through  
What are you doing what are you doing

what are you doing flirtinâ€™ with me  
You were the one said you wanna be free  
I donâ€™t wanna play games with you  
Just getting used to being without you  
Now youâ€™re showing up and being all sexy  
Talking like you wanna be with me  
You gotta know what youâ€™re putting me through  
What are you doing what are you doing

What are you doing flirtin' with me?
