

# The Secret of Life

Gretchen Peters

Couple of guys sittin' around drinkin' down at the Starlight Bar  
One of 'em says, you know I been thinkin'â€™  
Other one says that won't get you too far  
He says this is your life and welcome to itâ€™  
It's just workin' and drinkin' and dreams  
Ad on the TV says "Just do it"â€™  
Hell if I know what that means...The secret of life is a good cup of coffee  
The secret of life is keep your eye on the ball  
The secret of life is a beautiful woman  
And Marilyn stares down from the barroom wall...  
You and me, we're just a couple of zeroesâ€™  
Just a couple of down-and-outs  
But movie stars and football heroesâ€™  
What've they got to be unhappy about?  
So they turn to the bartender, "Sam what do you thinkâ€™"  
What's the key that unlocks that door?"  
Sam don't say nothin', he just wipes down the bar  
And he pours 'em a couple moreCause the secret of life is in Sam's martinis  
The secret of life is in Marilyn's eyes  
The secret of life is in Monday night football  
And Rolling Stones records and Mom's apple piesSam looks up from his Sunday paperâ€™  
He says boys you're on the wrong track  
The secret of life is there ain't no secret  
And you don't get your money back  
The secret of life is gettin' up early  
The secret of life is stayin' up late  
The secret of life is try not to hurry  
But don't wait, don't wait...The secret of life is a good cup of coffee  
The secret of life is keep your eye on the ball  
The secret of life is to find the right woman  
The secret of life is nothin' at all
