Chris Spheeris

Suddenly, you were gone
From all the lives you left your mark uponI remember, how we talked
And drank into the misty dawn
I hear the voices, we ran by the water
On the wet summer lawnI see the footprints, I remember
I feel the way you would
I feel the way you would
I feel, I feel the way you wouldTried to believe but you know it's no good
This is something that just can't be understoodI remember, the shouts of joy skiin'
Fast through the woods
I hear the echoes, I learned your love for life
I feel the way that you wouldI feel your presence, I remember
I feel the way you would
I feel the way you would
I feel, I feel the way you would
This just can't be understoodI tried to believe but you know it's no good
This is something that just can't be understoodI remember
I feel the way you would
I feel the way you would
I feel, I feel the way you would
This just can't be understood
