

Summer Shade

Cody Simpson

Hey nice to meet you
What's your name?
I saw you walkin' up my way girl
Oh maybe we could spend the day
We could lay my jacket out on the sand
And do something I'm sorry that my hair's so wet
I'm sorry girl but have we met before?
It's not something that I'd forget
Come on baby, take my hand
Let's do something 'Cause sun is setting soon
Honey honey
I won't let you walk alone
And when the sun comes up tomorrow
I'mma walk you home All I wanna do
Is hang with you
Every day in summer shade
All I wanna do
Is be with you
Be with you, oh yea All I wanna do
Is hang with you
Every day in summer shade
All I wanna do
Is be with you
Be with you, oh yea.. I just wanna be your man
I just wanna see you dancin'
I'll take you to the south of France
Watch the fireworks tonight uh yea 'Cause sun is setting soon
Honey honey
I won't let you walk alone
And when the sun comes up tomorrow
I'mma fly you home All I wanna do
Is hang with you
Every day in summer shade
All I wanna do
Is be with you
Be with you, oh yea All I wanna do
Is hang with you
Every day in summer shade
All I wanna do

Is be with you
Be with you, oh yeaOoooh ooooh yea yea
Ooooh ooooh yea yeaI'mma be with you summer, fall, winter, spring
You could be my queen and baby I'll be your king
Tell me what you want, I'll give you everything
Okay ey ey ey eyAll I wanna do
Is hang with you
Every day in summer shade
All I wanna do
Is be with you
Be with you, oh yeaAll I wanna do

Be with you, oh yeaOoooh ooooh yea yea
All I wanna do
Ooooh ooooh yea yea

Is hang with you
Every day in summer shade
All I wanna do
