I Need You Back

Ben Kweller

Advisory - the following lyrics contain explicit language:

Take me back when you think that it's good
It feels worse than they said it would
You're gone but not foreverWhen I know that I'm never wanted
I tuck away in my turtle shell
I've standed on this hex foreverI need you back, I need you here
To take away all of my pain and then my fearHey, hey, I need you back
Hey, hey, I need you backLike a ghost on his darkest visit
You got my soul, now baby, why is it
Gone gone gone? Take it from meYou are free if you can sleep at night
You really must be hard if you're feeling alright
Hey hey hey, we're way uptown, we gotta turn aroundI need you back and I need you here
To take away all of my pain and then my fearHey, hey, I need you back
Hey, hey, I need you backHey, hey, I need you back
Hey, hey, I need you back, yeahI need you back, yeah, I need you here
To take away all of my pain and then my fearHey, hey, I need you back
Hey, hey, I need you backHey, hey, I need you back
Hey, hey, I need you back, yeah
