Signal Drift

Aloha

Signal drift,
What are you running from?
Why are you fading?
Stay in one place
You don't notice the changing
The scrapers are waiting
You're here for the takingDid I already lose you
Or are you just something new?Signal drift,
what are you saying?
the neighbours are talking
they cut themselves off with the wave
What am I missing?
I thought we were feeling the same
Did I already lose you
Or is it just signal drift?Put your weight into mindless pains
And you will die laughing
The jokes will write themselves
Why do they resonate?
Tell me it's not too lateSignal drift,
Is there only this
Or was there more to it?Run to your window
I'll tune out the gospel
The bleeding is awful
No sun and no drinksI'll run to your window
I'll set my side phonos
but lazer's been focused
no static, no brokenness please
Signal drift,
Is there only this
Or was there more to it?When they're clouds to lift
Is there only this
or was there more to it?Yeah
Yeah, yeah, yeahRun to your window
I'll tune out the gospel
The bleeding is awful
No sun and no drinksI'll run to your window
I'll set my side phonos
but lazer's been focused
no static, no brokenness
