

# Lady Evil

## Black Sabbath

There's a place just south of Witches' Valley  
Where they say the wind don't blow  
And they only speak in whispers of her name  
There's a lady they say who feeds the darkness  
It eats right from her hand  
With a cry and shout, she'll search you out  
And freeze you where you stand Lady evil, evil  
She's a magical, mystical woman  
Lady evil, evil in my mind  
She's the queen of the night In a place just south of Witches' Valley  
Where they say the rain won't fall  
And thunder cracks the sky, and makes it bleed  
There's a lady they say who needs the darkness  
She can't face the light  
With an awful shout, she'll find you out  
And have you before the night So if you ever get to Witches' Valley  
Don't dream or close your eyes  
And never trust your shadow in the dark  
'Cause there's a lady I know who takes your vision  
And turns it all around  
The things you see, and what you'll be  
Lost and never found She's the queen of the night  
Gonna do it all right  
She's the queen of sin  
Look out, she'll pull you in!  
Lady wonder!
