

Mad Into

Fold Zandura

Im hearing music for the first time
Colors my eyes have never seen
Up where the trees can touch the sky
And you take me there And Im mad into you
More than sometimes I feel
Ive been away all my life
Now here with you Im finally home tonight I feel the rush like a landslide
Down where the ocean rises so high
When you take me there And Im mad into you
More than sometimes I feel
Ive been away all my life
Now here with you Im finally home tonight If theres a place Ive never been
Will you take me there? Mad into you
Sometimes I feel, been away
Now here with you Im finally home
Im finally home Mad into you
Sometimes I feel
Ive been away all my life
Now here with you Im finally home tonight Tonight, tonight
Tonight, tonight Will you take me there?
