

Devil's Holy Joke

Seven Mary Three

It will take a fancy store
For mom and dad
To forget what they never hadIt will only take one moment
To make her believe
She's something worth trying onA little motivation goes a long way down
Down, downI think a cigarette should smoke
Like the Devil's holy joke
Because he's laid one out on meI think if everybody streamed
From their TVs to your scene
It would be okay with meYou can't keep a good thing on a string
You've got to give it room to breath
It may leave an empty spaceA little motivation goes a long way down
Down, downIn every situation
Heavy traffic jams his sound
