

Big City

Meiko

Don't forget that you love me
don't forget that you do
and when you're out there in the big city
I won't forget about you
but where do we go
where do we go
when we are all alone
where do we go?

Oh you know I love you so
Oh you know I love you so and I can't let go
It gets so lonely without you
and I can't take it no more

I miss your body on the side of the bed
I miss your clothes on the floor

So where do we go
where do we go
when we are all alone

Where do we go?

Oh you know I love you so
Oh you know I love you so and I can't let go
I try to be alright

I try
and I try to sleep at night
I try
and I lie when I tell you I'm fine

I try to be alright, I try.

Oh you know I love you so

Oh you know I love you so

Oh you know I love you so and I can't let go
