

# Dialog Box

## David Byrne

Picture this  
Bumping lips  
Everyone talks  
Do a dialogue boxThey shake and bake  
Make a cranky face  
They got rocks in the head  
Got rocks in the bedPull the hood down  
Grab the fold out  
Is it too loud?  
Is it all right?Makin' contact  
And you know that  
Need a tight fit  
To surviveRomeo  
Said Juliette  
Got a dialogue box  
Hey look at me, that's my answerAll Sparkly white  
Shiny bright  
A genuine smile  
The Renegade styleGonna heat 'em up  
And stir the pot  
bake it a while  
Then cool on the sideTribulation  
Revelation  
Absolution  
ProphesizedI'm a rich man,  
I'm a poor man  
But the main thing  
I'm aliveLost in Space  
Cosmic haze  
Beautiful wreck  
Special effectClean and pure  
Swift and sure  
I'm ready to drop  
In a dialogue boxDecoration  
Innovation  
My creation  
Any sizeIf you try it  
And you like it  
You can have it customizedGonna test ya

With a gesture  
Do I feel ya?  
Are ya scared?In the darkness  
In the details  
At the movies  
Or a playAll crinkled up  
Delirious  
Fall through the cracks  
In a dialogue boxWith a smiley bump  
Gonna line 'em up  
And the question I askHey look at me  
That's my answer
