

Firm Biz (featuring Dawn Robinson)

The Firm

The six ease out CD laced digital readout
No doubt cop Glocks from the dred fuck the weed house
Yo elegance hate females with no intelligence
Embezzlement got big boys behind the metal fence
Merrill Lynch it's your life Crist alright
Vince on ice sex chicks, all types
General status smoothness mixed with malice
Trips to Dallas built a pool in my palace
Who want what from more moneys I want a cut
Extorting start from the corner step on us up
Sixty inch screen laserdisc with the beam
It's my life I'm holding the dice don't intervene
I send a team, to smash out your whole plans
No cold hands liquid or hunger to hold grands
From state bids to large cats who lace cribs
It's Firm Biz, y'all know what time it is I'm talking Firm Biz to you baby (Firm Firm Biz)
Talking bout the Firm, that is (Firm Firm Biz)
I'm talking Firm Biz to you baby (Firm Firm Biz)
Talking bout the Firm, that is that is
That is that is Firm Biz! Peep the stee, creeping with AZ
B-12's crazy, I ball with The Firm's first lady
I brawl with those who hate me, make me spray y'all; hoping for the day I fall
Never that though Black 4 4's for fedz
Like Donnie Brascoe so peep the cappos
Who mack most splash it up with lactose
Pretty thug style, I blow you out slug style
Bent in the Caddy Coupe me and Daddy Duke
He schooled me on how to stand on my own two
He said son it's all kinda shit you gon' go through
Either you gon' make it or you gon' fall too
Now we headline tours, remember me I told you that the world was yours
Married to the Firm laws
Esco bless flows y'all know me, laced in the Sony Firm be the hottest click to blow G I'm talking Firm Biz to

Keep the pussy tight, stay that bitch

If I'm gon' fuck lay that dick
Tony get him for his chips and pray he push a six
Now I got game to make the thuggish niggas scream my name
Hope the panties drop only if I cop
The baby blue drop gotta keep my wrist iced
The baddest bitch yeah the sex is alright
Lace 'em all night going to the crib
Jumping out the range in the iceberg tights
Yeah I know about the five and its one shut eye
360 wave spinning cat thinking he Nas
