

Merry Go Round

Fleetwood Mac

When I first met you, baby, I didn't even know your name
Yes, when I first met you, babe, I didn't even know your name
I was feeling so low on the ground
Bad luck and evil women was to blame I never realized just how sweet and kind one woman can be
Yes, I never realized, people
Just how sweet and kind one woman can be
Yes, but when I looked in your eyes
Yeah, I knew true love had come to me, yeah Take my hand, baby, now, you hold it tight and don't let go
Take my hand, now, hold it tight and don't let go
Yes, 'cause our love is like a merry go round
And 'round forever it's gonna go
