

## Sticky Fingers (feat. Alex Vargas)

## Above & Beyond

We painted the picture you want  
I wanted it too  
But now there's something that I  
Would like you to doGet your sticky fingers out of my head  
Get your sticky fingers out of my headIt's not that I'm ungrateful for  
The chance to dream and then explore  
But your elegant dinosaur limbs  
Are still willfully bruising my skinGet your sticky fingers out of my head  
Get your sticky fingers out of my headGet your sticky fingers out of my head  
(Get your sticky fingers out of my head)  
Get your sticky fingers out of my head  
(Get your sticky fingers out of my head)  
Get your sticky fingers out of my head  
(Get your sticky fingers out of my head)  
Get your sticky fingers out of my head  
(Get your sticky fingers out of my head)Get your sticky fingers out of my head  
Get your sticky fingers out of my head Get your sticky fingers out of my head  
(Get your sticky fingers out of my head)  
Get your sticky fingers out of my head
