

Sophia

Champs

I've been running circles lately, I've been doing time
I've been on the avenues, spinning out my mind
and I've been on t-shirts, lately I've been on TV
I've been looking through your eyes
and that's my tragedy! I really wanna tell you now
Baby, if I'm allowed maybe if I could teach you,
All the things and all by now
I really wanna beat the world
Baby, if I'm allowed maybe if there's a moon beam
Where the colored I'd know how Tell me, tell me is it real Vamala?
Am I up as high as I feel or am I dying?
Tell me, tell me is it real Vamala?
Am I up as high as I feel or am I dying?
I've been tryina reach you lately, I've been on my knees
I've been with the Eskimo at -10 degrees
and I've been on the ocean, I've been through the trees
I went out with Bowie in the 1970's I really wanna tell you now
Baby, if I'm allowed maybe if I could teach you,
All the things and all by now
I really wanna beat the world
Baby, if I'm allowed maybe if there's a moon beam
Where the colored I'd know how Tell me, tell me is it real Vamala?
Am I up as high as I feel or am I dying?
Tell me, tell me is it real Vamala?
Am I up as high as I feel or am I dying?
Never had to met you
Never had to met you
Never had to met you
If I'd never had to met you
Never had to met you
Never had to met you
Never had to met you
If I'd never had to met you Tell me, tell me is it real Vamala?
Am I up as high as I feel or am I dying?
Tell me, tell me is it real Vamala?
Am I up as high as I feel or am I dying?
